## About Saugeen Golf Club

Located in the heart of Saugeen Shores, Saugeen Golf Club is the area's largest and most diverse semi-private golf facility. Our 27-hole layout offers three distinct nines giving players the opportunity to play three different 18-hole layouts.

Our renovated Clubhouse offers the perfect location for meetings and seminars. An adaptable space with a view of our golf course, we can accommodate day meetings, an elegant reception with dinner or anything in between.

We invite you to experience this beautiful facility for yourself and see how beneficial and affordable our Corporate Program can be.
